MEMORANDUM FOR: Director of Central Intelligence

SUBJECT: Proposed Meeting with Representatives Murray and
Rees

1. This memorandum contains a recommendation in paragraph 4 for approval of the Director of Central Intelligence.

2. Subsequent to a luncheon meeting with the Chief Counsel and Counsel of the House Post Office and Civil Service Committee, it was suggested to you that it would be highly desirable for you and General Cabell to call on Mr. Murray, the Chairman, and the Senior Minority Member, Mr. Rees. Apparently, it was agreed that this, of course, should be one merely of discussing certain CIA matters and possibly some items of intelligence interest and specifically not discussing legislative items of concern to the Congressmen since we do not wish to appear to be requesting something.

3. I believe it would be of interest to Mr. Murray and Mr. Rees to discuss generally our efforts in the CIA Career Service Program. Of possible interest as related to this program would be the recent District Court action in Kochan v. Dulles. Certainly, it would be appropriate to mention to them the splendid spirit and cooperation the Agency has received from Frederick Belen and Charles E. Johnson. I don't believe you should go into the specifics but for your information this cooperation and assistance has included H. R. 1870, which is designed to overcome the Supreme Court's ruling in Cole v. Young. The present language of this Bill exempts the Central Intelligence Agency. Also, this cooperation and assistance was evident both in the drafting phase and in Subcommittee hearings of H. R. 7758 which amends the Central Intelligence Agency Act of 1949 (P.L. 110) extensively to conform with the uniform allowances and other emoluments being made applicable throughout the Government services, including the Classified Civil Service as well as the Foreign Service of the Department of State. Then it might be appropriate for you to discuss very briefly world affairs or some current newsworthy items.

4. I am attaching for your information the comments furnished to you earlier in the year concerning Mr. Murray's views on sensitive agencies, such as CIA, the FBI and NSA. In view of these comments and in order to provide some basis for understanding against future problems, I recommend that you approve my making the necessary arrangements for this meeting.
